1/4" = 04

3/8" = 06

1/2" = 08

3/4" = 12

1" = 16

1 1/4" = 20

1 1/2" = 24

2" = 32

Size Range from 1/4" to 2" to suit Fractional / Imperial Tube

Body Shells are Poly
Hex Bolts – 316 Stainless Steel
Top and Bottom Plates 316 Stainless
Steel

Industry Standard Dimensions

Profiled internal body shells help reduce
noise / vibration, and longitudinal impact
effects of the stainless tube.

For associated DK-Lok Fittings and Valves refer Instrumentation section.

3 metric sizes also available within this range.

For dimensional drawings contact us on sales.
